PARTNERING TOGETHER

WE'RE HERE TO HELP YOU SAVE ENERGY, WATER AND MONEY

OUC offers an array of programs and plans that help customers reduce their energy use so they can save money on their monthly utility bills.

Customers can take advantage of rebates on energy, saving improvements or a cost-sharing program that benefits low-income households that make efficiency upgrades.

For more information, visit [OUC.com/waystosave](https://www.ouc.com/waystosave).

One of OUC's program is Budget Billing, a service that helps customers plan the amount they'll pay in monthly utility costs.

How Budget Billing works:

Your monthly fixed amount is based on the average of your actual utility bills during the last 12 months, including electric and/or water, solid waste, waste water and taxes.* An additional percentage, at the discretion of OUC, will be added to the amount to prevent the deferred balance from growing too large.

We also partner with community-based organizations and government programs to provide assistance when it's needed the most. Learn more by visiting [OUC.com/Assistance](https://www.ouc.com/Assistance).

UPGRADE INSULATION AND GET A REBATE!

Adding attic insulation is one of the most effective and least expensive things you can do to increase the energy efficiency of your home. OUC offers residential customers a rebate of 10 cents per square foot on upgraded attic insulation with an R-30 value or higher.

Visit [OUC.com/rebates](https://www.ouc.com/rebates) for more on OUC's energy rebates.

AIR LEAKS CAN COST YOU MONEY

Sealing air leaks can help your home feel more comfortable and improve its energy efficiency, saving you money on energy bills. Simple fixes include installing weather stripping on doors and caulking around windows. Film window coverings also help improve efficiency and qualify for an OUC rebate, or if you want to splurge on a great gift to yourself, buy Energy Star® windows and get an OUC rebate.

Visit [OUC.com/rebates](https://www.ouc.com/rebates) for more info.

2023 FLORIDA LINEMAN COMPETITION

OUC is the proud sponsor of the 2023 Florida Lineman Competition. Established in 2001 by the Florida Municipal Electric Association (FMEA), the competition brings together public power employees from across the region to demonstrate their skills and knowledge in the craft of line work.

Lineworkers compete for professional recognition, attend training courses and practice essential skills. Activities include a speed climb, crossarm changeout and a hurt-man rescue – some taking place more than 50 feet in the air.

WHEN: Saturday, March 4, 2023

WHERE: Marriott Orlando Airport Lakeside -
7499 Augusta National Dr. Orlando, FL 32822

Come and cheer the state's best lineworkers in Florida. The event is FREE and open to the public. To learn more, visit [FLPublicPower.com](https://www.FLPublicPower.com).
