The Reliable One[®]

OUC Backup Generation Service Can Prepare Your Business For The Unexpected

Unforeseen events are a part of life. At OUC, we do our best to provide reliable power. However, when unexpected events occur – from accidents to hurricanes – your business' bottom line can be impacted. Should the unexpected arise, OUC Backup Generation Service can keep you in business and provide the extra layer of protection against the unpredictable, saving you time and money.

No-Hassle Turnkey Installation

OUC will handle all the details, including onsite power evaluation, permitting, installation and ongoing maintenance, all at no up-front cost. Lead times are about 26 weeks.

Full Warranty

Your full warranty includes labor and materials throughout the agreement term.

Maintenance and Monitoring Included

Ongoing maintenance and monitoring of your generator is included throughout the agreement term. As a result, your generator is ready to operate when you need it.

Simple Payment Plan

OUC's simple payment plan is based on a 5-year payment schedule. The monthly maintenance and monitoring fee is included in the service. As an OUC customer, the cost is conveniently included in your monthly utility bill.

Getting Started Is Easy

Get prepared, call us at **407.423.9109** to speak with an OUC representative to schedule an evaluation.
