REBATE REQUIREMENTS FOR RESIDENTIAL REBATE FORM

All measures must meet and be installed according to the manufacturer's specifications. A **legible** copy of the invoice and proof of purchase are required to obtain any and all rebates. The rebate form must be filled out in its entirety pertaining to the specific rebate requested along with the signature from the customer requesting the rebate.

Please Note: An invoice from any contractor cannot be entirely handwritten, and while we understand some contractors are not using official drafted invoices, we will accept proof of purchase in lieu of any official invoice. Please provide a copy of the handwritten invoice along with a copy of whatever method of payment was used for the installation (i.e. front/back copy of the canceled check, copy of the credit card statement, bank

1. **Window Improvement: Window Film or Solar Screen:** Only east, west and south facing windows qualify for this rebate. Shading Coefficient (SC) must be 0.5 or less. Total square footage or the dimensions of each window and shading coefficient of film installed must be noted on the invoice. **For work performed by the customer:** Provide a copy of manufacturer's specification to prove 0.5 or less Shading Coefficient and provide dimensions of the film installed for square footage calculations.
2. **Window Improvement: Energy Star Windows (regionally-accepted):** Windows must be Energy Star rated and meet regionally-accepted standards of a U-Factor that equals 0.6 or less and a Solar Heat Gain Coefficient (SHGC) that equals 0.27 or less. For more information, visit www.energystar.gov. Invoice must reflect the type of windows installed, and include either the total square footage or the dimensions of each window. Proof of an Energy Star rating must be submitted with your application for each type of window installed.
3. **Cool / Reflective Roof:** Proof of Energy Star qualification is required. The total square footage of material installed, type of reflective material and Solar Reflectance value must be notated on the invoice. Initial Solar Reflectance value must be 0.7 or greater to qualify and must be noted on invoice.
4. **Block Wall Insulation:** Must increase initial insulation R-Value by a minimum of R-10. Insulation may only be added to an uninsulated block wall to qualify for rebate. Invoice must list the original R-Value, the final R-Value and the total square footage of insulation installed.
5. **Ceiling Insulation Upgrade: Final R-Values of R-19 or greater qualify for this rebate. Customers with an existing insulation level of R-11 or less are eligible for a \$0.14 per sq ft rebate. In order to qualify for this rate, OUC must inspect and measure your existing insulation before the new insulation is installed. Inspections can be scheduled by calling 407.434.2256.** Existing R-Value, Final R-Value, total square footage of installed insulation and type of installed insulation must be included on the invoice. **For work performed by the customer:** Provide a copy of the invoice/receipt which must indicate type and quantity of insulation purchased. Also, a copy of the coverage chart for the specific type of installed insulation must be provided along with the initial R-Value and the final depth measurement after installation. Total square footage of installed insulation and total quantity of installed insulation must be indicated on the rebate form.
6. **Floor Insulation Upgrade: Final R-Value must be at least R-11 to qualify.** Existing R-Value, Final R-Value, total square footage of installed insulation and type of installed insulation must be included on the invoice. **For work performed by the customer:** Provide a copy of the invoice/receipt which must indicate type and quantity of insulation purchased. Total square footage, R-Value and quantity of installed insulation must be indicated on the rebate form.
7. **Heat Pump:** Have contractor provide and attach the AHRI Certificate. Model numbers must be included on the invoice. Only SEER ratings of 14 or higher qualify for a rebate.

TON/SEER MATRIX

A/C Size (Tons)	A / C SEER Upgraded To:				
	14	15	16	17	18+
1	\$ 20	\$ 80	\$ 130	\$ 175	\$ 215
1.5	55	145	220	290	350
2	90	205	310	400	480
2.5	120	270	400	515	615
3	155	335	490	625	745
3.5	190	395	580	735	880
4	225	460	670	850	1,010
4.5	260	525	755	960	1,145
5+	295	590	845	1,075	1,275

8. **Duct Repair / Replacement:** Invoice must have an itemized amount for work performed and must reflect the repaired or replaced ducts have been sealed with Mesh Tape and Mastic or Underwriters Laboratory (UL) approved duct tape.
9. **A/C Proper Sizing w/ R-30 Attic Insulation:** Provide certified sizing documentation (ex: Manual J). To qualify for \$85 rebate, you must qualify for this rebate and any one of the following rebates: Heat Pump, Block Wall Insulation, Ceiling Insulation Upgrade, Floor Insulation Upgrade, or Duct Repair / Replacement.
10. **Energy Star Heat Pump Water Heater:** Model number must be included on the contractor's invoice. Receipt and proof of Energy Star qualification are required to receive this rebate. **For work performed by the customer:** If receipt does not include the model number, be sure to submit a copy of the retailer's item description of product installed.
11. **Energy Star Clothes Washing Machine:** Receipt and proof of Energy Star qualification are required to receive this rebate. If receipt does not include the model number, be sure to submit a copy of the retailer's item description of product installed.
