

CITY OF ORLANDO

SOLID WASTE RATES

A solid waste rate adjustment of 2.5 percent will take effect October 1, 2009. The average residential customer will notice a difference of 39 cents on their monthly bill. This annual adjustment was approved by the Orlando City Council in 2004 and will be used to offset increased operating costs.

Please call the City of Orlando Solid Waste Management Division at 407.246.2314 with any questions.
