## Energy efficiency upgrades to your home can save you more money than you think

OUC's energy and water efficiency rebate programs for your home can help you lower your utility bills — **and we'll help pay for the improvements.** Repairing a leaky air duct, upgrading insulation or replacing an old

air conditioning unit not only can reduce your energy usage and electric bill, they can also earn OUC customers a rebate on their bills.

Qualified homeowners can earn rewards for running an efficient home through OUC's programs for:

- **Building envelope improvements**
- **Cooling & heating**
- **Financed insulation**
- **Water cistern for irrigation**
- **Solar hot water and solar photovoltaic**

Residential energy and water efficiency programs are only available to OUC electric and water customers respectively. Rebates will be awarded as a credit on your OUC bill.
