**ORDER**

The Court entered an amended Case Management and Scheduling Order on February 14, 2020. (Doc. 107 (“**CMSO**”).) Plaintiffs move to extend the deadlines related to class certification for ninety days due to COVID-19. (Doc. 119 (“**Motion**”).) Defendants oppose but agree to a thirty-day extension of all CMSO deadlines. (Docs. 122–25.) On review, a thirty-day extension of all deadlines adequately addresses the complications caused by COVID-19, as Plaintiffs had time before the pandemic to prepare their class certification materials.

It is **ORDERED AND ADJUDGED**:

1. Plaintiffs’ Motion to Extend Case Deadlines (Doc. 119) is **GRANTED IN PART AND DENIED IN PART**:

- a. The deadlines in the CMSO (Doc. 107) that have not yet passed are **EXTENDED** by **thirty (30) days**.
  - b. In all other respects, the Motion is **DENIED**.
2. The Court will issue an amended CMSO reflecting the new deadlines.
- DONE AND ORDERED** in Chambers in Orlando, Florida, on May 22, 2020.
