Report Outages Online

With Florida's heavy storm season comes the occasional power outage. OUC makes it easy to report those outages on www.ouc.com, even via your mobile device. It's faster and easier than calling. Start by setting up a myOUC account at www.ouc.com. (Paperless billing customers can log in with their existing username and password). If you don't already have an account, you'll need your OUC account number and PIN, which can be found at the top left corner of your OUC bill. While you're at it, update your contact information on the same web page.

So, the next time your power goes out, just log in and let us know.
