

When It Comes to Energy Efficiency . . .

How Does Central Florida's Largest Law Firm Measure Success?

In Volumes of Savings...

At Lowndes, Drosdick, Doster, Kantor & Reed, P.A., becoming more sustainable means measuring what matters...*energy savings*. Thanks to OUC experts and a range of commercial efficiency incentives, they were able to save energy and save money. By partnering with OUC—The *Reliable One*, the firm will potentially save up to \$67,000 annually.

"Partnering with OUC, our firm was able to realize bottom-line savings, beginning the day we installed the first energy-efficient light bulb."

— Bill Dymond, President, CEO and Managing Partner of Lowndes, Drosdick, Doster, Kantor & Reed, P.A.
