HEALTH BENEFITS

Medical, Prescription, Dental and Eye Exam Bundle Insurance Programs (Health Plan):

OUC offers two Aetna medical plans for employees that are distinguished by their different deductible and premium amounts. The two plan choices consist of a $1,000 Deductible Choice (Core Plan) and a $2,500 Deductible Choice (Health Reimbursement (HRA) Plan). The $2,500 Deductible Choice has a Health Reimbursement Account (HRA Plan) which is funded by OUC. Both medical plans include dental and eye exam coverage. Coverage may start on hire date.

Comprehensive Prescription Program:

This plan is also offered through Aetna. The Plan has a four-tier copay structure when accessing prescriptions through network pharmacies. By ordering maintenance medications through Home Delivery or any in-network retail pharmacy, your 90-day supply will cost you only two co-pays instead of three co-pays.

Aetna Vision Preferred Eyewear Materials (Frames & Lenses) Coverage:

Save on eyewear by participating in the Aetna Vision Preferred Coverage available at group rates through payroll deduction. This coverage is a great way to save money on contact lenses, frames, lenses and even LASIK surgery. You can choose from designer brands such as Oakley, Ray-Ban and Vogue. The Aetna network includes popular chains such as Pearl Vision, LensCrafters, JCPenney Optical and Target Optical along with many other neighborhood eye doctors and optical shops.

Flexible Spending Account (FSA):

You have the option to contribute to a Flexible Spending Account, which allows payment for unreimbursed health care related expenses and dependent care on a pre-tax basis. If you participate in a Flexible Spending account you will receive an FSA Debit Card. The PayFlex FSA debit card is electronically linked to your FSA so your co-pays, deductible, co-insurance and if applicable day care amounts are deducted directly from your FSA. The debit card system automatically identifies what is eligible and what is not. OUC’s Health Care FSA program has a roll over provision.
